M-Sport XD Beach Casting Rods

£149.99

The Icon M-Sport XD offers a range of high-performance beach casting rods designed to excel in rough, mixed and clean ground situations. Constructed with a premium carbon blank the Icon M-Sport XD offers the ideal combination of sensitivity and strength. The lightweight design ensures optimal casting performance, while the rods inherent durability can handle the demands of casting heavy weights and battling strong fish in heavy tide. With a length of 13ft 10in, these rods lend themselves perfectly to a multitude of casting styles. Its carefully engineered action delivers a powerful backbone for optimal casting performance. Designed with precision, the fast action allows for quick loading and effortless recovery, enabling the angler to present a bait at some truly impressive distances. Equipped with high-quality Seaguide corrosion-resistant SiC guides throughout, the Icon M-Sport XD is built to withstand the rigors of saltwater conditions, providing long-lasting performance and reliability. bracket, boasting features of rods twice the price; such as action, bite detection and casting ability.

- Length13ft 10in / 4.2M
- Multi Modulus Carbon Blank
- Progressive Action, for optimal loading and improved distance
- Responsive tips for increased bite detection
