Agitator Z Series Bait Rods

from £69.99 NEW

The Agitator Z-Series Bait rods have been designed specifically with Zander bait fishing in mind. The Z-Series Bait, features a faster action than the standard BR-S bait rods, this allows for a positive hookset in Boney mouths whilst their forgiving 2.25lb test curve aids in keeping those hooks firmly where they should be! reducing hook pulls and providing a truly stunning fish playing action.Available in a 12ft option, ideal for big pit bank fishing and a 10ft option perfect for smaller river and boat applications.

- Slim High Modulus 24T Carbon Blank
- Faster Action for a positive hookset
- Double leg braid-friendly SiC guides
- Abbreviated and ergonomic handle

Agitator Drop-Off Indicator

£15.99 NEW

The Agitator drop-off indicator has been designed specifically with the predator bait angler in mind, utilising a micro-adjustable stainless-steel ball-bearing line clip allowing precision adjustment on a variety of different line diameters,
Made from High-Impact ABS the Agitator Drop-off indicator comes supplied with a choice of four coloured, interchangeable covers and adjustment thumb screws, to allow the angler to tailor the indicator to their personal style, or, adapt the swinger for different light conditions.
The drop-off indicator features a twin hinge, carbon arm mechanism which makes setting the indicator quick and easy, while the modular quick-release arm means the indicator can be easily removed from the Bankstick for Fast Pack down and easy transportation.
The Bankstick attachment utilises a silicone ladder strapping mechanism, which allows the indicator to be attached to any size bank stick securely, without any need for additional attachments.
The Agitator drop-off indicator comes supplied with additional 'drop-in' weights, should you require increased resistance in your setup.

- Hi Impact ABS, Modular Construction
- Durable rigid carbon arm
- 4 quick change colour jackets and adjuster thumb screws
- Up to 8g of additional add on weights
- Silicone Ladder multi fit bank stick attachment.
- Spare spring and ball-bearings

Sling Mat Retainer

£84.99

The Agitator Sling Mat Retainer system will quite possibly be one of the most versatile items of tackle in your arsenal! The padded removable base allows for safe unhooking of large predatory fish such as Pike and Zander and can be used separately as a stand-alone unhooking mat or integrated into the Sling Mat Retainer system, where it can be left in situ allowing you to unhook and weigh your catch quickly safely and with minimal disruption. The mat also includes a measuring scale for taking measurements of your catch. With the unhooking mat removed the outer system allows for short term retention of your quarry giving you time to ready your camera or simply allow the fish some time to recover before release. The outer system includes four high density EVA buoyancy aids to keep the system afloat while the 10ft retention cord provided can be used to anchor the system securely in place either from a boat using both attachment points or from the bank using a single point. The system comes with a roll top stink bang to keep yourself and vehicle clean whilst in transit. The system also comes with a detachable carry strap which means the 5 in 1 system can be carried effortlessly when attached to the stink bag, keeping you mobile and even allowing you to fish with the system on your shoulders. The detachable strap can also be attached to the system allowing the sling mat retainer to be loaded with tackle for transportation, giving the roving angler yet another layer of versatility when moving between swims.

H9161	SLING MAT RETAINER	£84.99
