Wychwood

EPIC

There's a new set of rods in the Wychwood Line-up; Epic now takes up the mantel as the brand's top level range and they're in stock NOW!

from £225.00

The new Epic carp rods have set new standards in carp rod design and performance. Low resin construction process dramatically helps reduce stress fatigue, ensuring the blank remains incredibly crisp, stiffer and responsive for longer! Cross-over carbon technology' to provides the perfect balance between feeling and controllable power. Offering unparalleled casting performance and precision accuracy. Utilising the highest-grade Toray Carbon throughout the entire construction process to help reduce weight and achieve a super-fast recovery. The subtle yet extremely stylish, machine cut 1K carbon reel seat provides the ultimate transmission between strength, security and flexibility, offering you even greater feedback and feeling than ever before. Ultra-light weight, 50mm American Tackle TI forged air guides enhance the weight saving even further and are fitted throughout the entire range. These guides offer the very best in casting performance, combined with 16mm anti-frap tip guides only enhances the whole durability and style of these truly EPIC carp rods.

- Toray Carbon construction
- High modulus Multi-directional Carbon technology
- Rapid Response cross weave
- Super slim reinforced over fit joints for superior strength
- 50mm Light weight American Tackle TI forged air guides on all models
- 16mm Anti-frap tip guide – dramatically helps to prevent crack offs
- 1K Carbon Machine cut reel seat
- Satin black fittings paired with black whippings
- Metallic butt cap and rod saver collar
- High grade ultra slim cork or Japanese shrink wrap handle options available
- Subtle cosmetics

Riot Rods

from £54.99 NEW

The Satin black non reflective finish of this high modular carbon blank is very minimalistic. Blending perfectly to the premium 1K carbon reinforced section and 1K machine cut line clip, before greeting the extremely functional black DPS screw lock reel seat, dressed with elegant gloss black collars. An ultra stylish, hard wearing and easy clean Japanese shrink wrapped handle, only exaggerates these refined, slender blanks further with a subtle flare at the butt. Finished off with a gun smoked laser etched butt cap. 50mm ULW (Ultra-Light-Weight) guides on all 12/13ftft models, only enhances the Riots responsiveness, recovery speed and casting performance. Combined with oversized 16mm anti-frap tip guides help eliminate crack offs, frap ups and weed jams. Giving you more confidence and enabling you cast further and more accurately. We have tuned two different playing and casting actions within the Riot Carp Rod range. AR (All-Rounder) offers you the best of both worlds, allowing you the forgiveness in the tip and mid-section, with plenty of power in reserve closer to the butt. XD (Extra Distance) is a much faster action, focused towards powerful casting, ideal for longer casting and solid bag fishing. Were you would require a stiffer mid and butt section to generate power with a crisp responsive tip.

- High Modular 24T Carbon blank
- 50mm ULW casting efficient guides (12ft/13ft only)
- High Modular 24T Carbon blank
- Anti-Frap tip guide
- Robust DPS reel seat
- Japanese full Shrink-wrapped handle
- Machined 1k carbon line clip
- Dedicated playing & casting actions

RIOT Recoil

Riot Recoil Rods

from £49.99 NEW

The Riot Recoil rods are design to perfectly optimise all of your opportunist fishing requirements. This compact range of rods are at home to use in most fishing situations. There greatly reduced travel size makes them easy to transport in modern day city cars or even public transport, thanks to their recoil telescopic butt section. It also makes them really convenient if you have an opportunity to steal a few minutes fishing while on your lunch break or even a few hours after work. The whole concept behind the recoil range is to offer a range of rods that are capable of doing just about everything your go to 12ft rods will offer without the transport limitations of inconvenient associated with transporting 2pc 12ft carp rods. We have purposely Included, different length, test and action options within the recoil rod range to cover every eventuality. Including a 10ft 4lb version which makes easy work when long range boat fishing and is also an ideal choice for medium spod work

- Recoil telescopic butt sections
- Compact transportation sizes
- High Modular 24T Carbon blank
- ULW casting efficient guides (10ft only 40mm on 9ft)
- Anti-Frap tip guides
- Robust DPS reel seat
- Japanese full Shrink-wrapped handle
- Machined 1k carbon line clip
- Dedicated playing & casting actions

Epic Landing Net And Handle

£120.00

There is no doubt that this is the most stylish, elegant and best-functioning landing net we've ever produced – Epic by name, truly Epic by nature. Every single aspect of this net has been scrutinised by our product development team – from the choices of premium grade materials to the construction techniques. A new dawn for landing nets is now upon us, designed from the ground-up. Constructed using the very same premium 1k high grade carbon as the flagship Epic rod range, the reversed tapered super slim yet rigid two-piece handle is also finished with identical minimalist cosmetics. High quality Japanese shrink wrapped section ensure for a firm grip, safely hidden away under the EVA flare is stainless-steel machined ground point, helping to make light work of even the toughest of terrains and allowing you to easily rest your prized fish while you ready the mat and scales. Attention to detail has also gone into developing one of the smallest and functional robust spreader blocks. Precision made and machine cut from a billet of tempered aluminium to our own requirements with our own subtle branding. The full 3K carbon tapered 42" arms allow for a very stylish and larger bow-style shaped net head. The net mesh has been constructed using our desirable Tactical DPM camo mesh, which can be further secured out of harm's way via the stainless net clip. Supplied with an ultra slim net a float and Tactical draw string stink bag

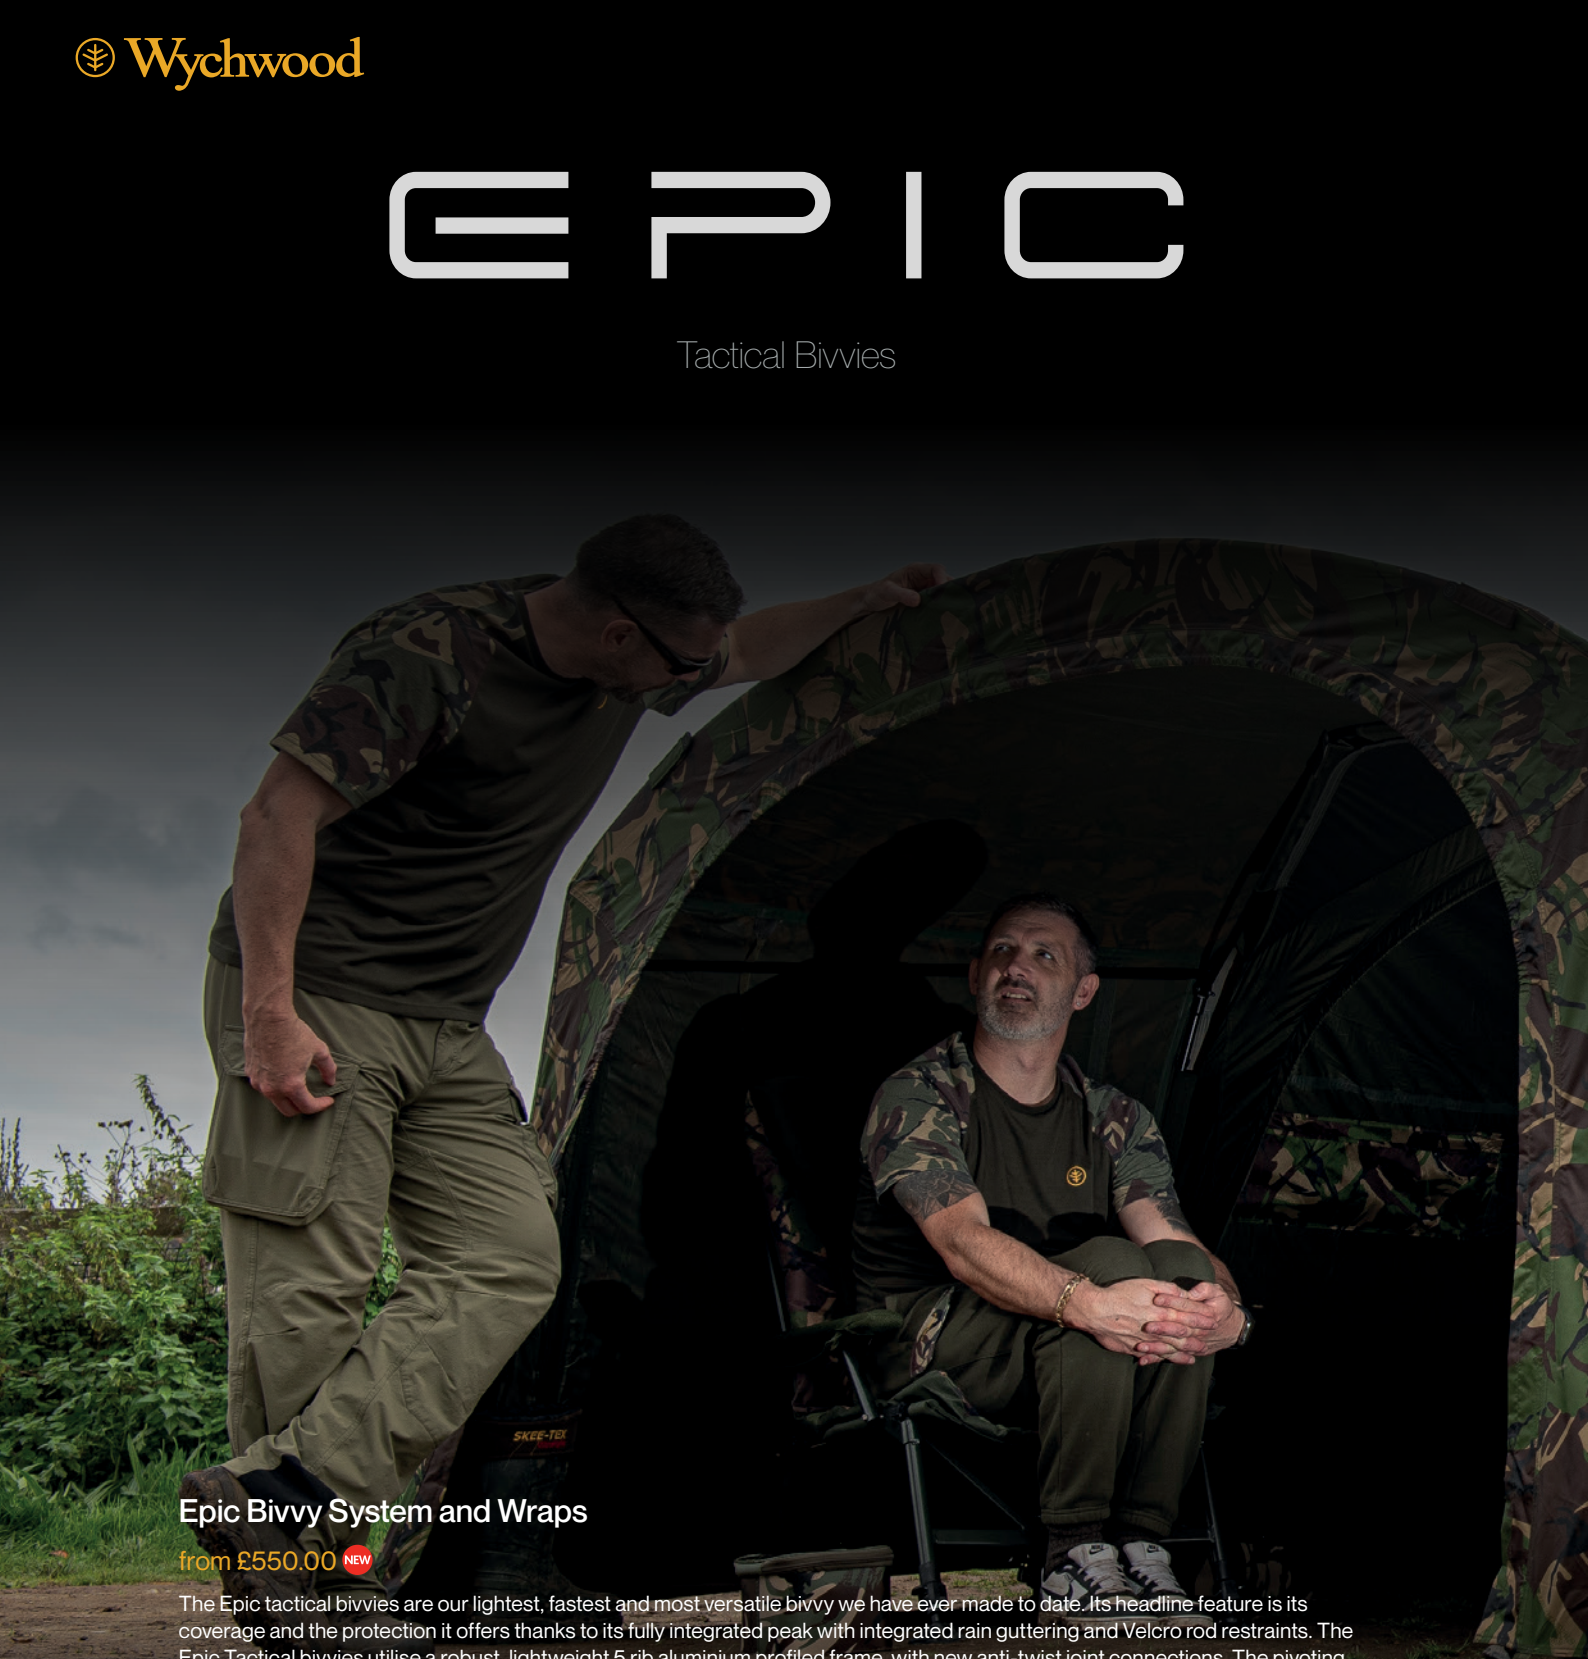
EPIC

Tactical Bivvies



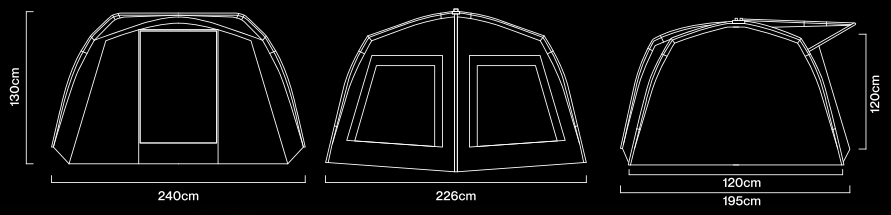
Epic Bivvy System and Wraps

from £550.00 NEW

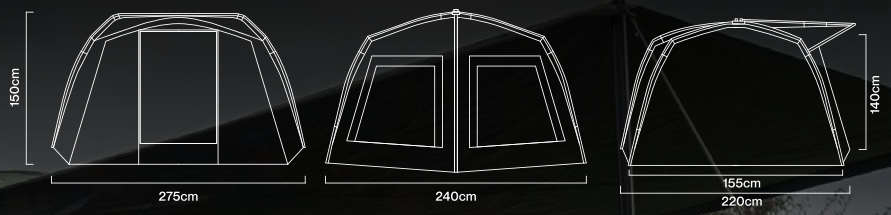
The Epic tactical bivvies are our lightest, fastest and most versatile bivvy we have ever made to date. Its headline feature is its coverage and the protection it offers thanks to its fully integrated peak with integrated rain guttering and Velcro rod restraints. The Epic Tactical bivvies utilise a robust, lightweight 5 rib aluminium profiled frame, with new anti-twist joint connections. The pivoting lever cam allows for and effortless and incredible set up and pack down times. Offering generous headroom that ensures you have the very best optimised and useable internal space as well as increased stability and comfort. Incorporating a radical new integrated front peak. Purposely designed to channel rainwater away from the front of the bivvy, meaning you no longer have to worry about rain coming inside when the doors open or puddles forming inside the entrance. We have utilised the very best fully breathable (20,000mm), waterproof, extremely durable, and amazingly lightweight fabric. The Epic Tactical compact bivvy also features two large rear windows, constructed using our Tactical camo privacy mosquito mesh and incorporating “letter box” styled zippers to aid air flow. Furthermore, there’s two internal twin mesh storage pockets which can be easily fully removed or repositioned onto any of the internal side or rear bivvy walls. These provide great places to store all your valuables, receiver and head lamp. Theres also a centrally positioned hang hook which makes an ideal place to hang bivvy or Mozzy lamps while your sit back, relax and dream of catching your next monster. The Epic Tactical Compact & Epic Tactical Bivvy offer you two different dimensions of bankside comfort and protection, these have been fully loaded and equipped with a range of extras to cover the ever-changing weather and most angling situations, making it an extremely versatile and truly comprehensive full bivvy system.

Q8500	EPIC TACTICAL COMPACT BIVVY FULL SYSTEM	£550.00
Q8502	EPIC TACTICAL BIVVY	£599.99

Q8500 Epic Compact Tactical Bivvy Full System



Q8502 Epic Tactical Bivvy Full System



from £280.00 NEW

Adding another dimension to your Epic bivvy with the addition of an Epic Tactical Extended wrap. This is an Epic addition and creates are large porch extension which makes a great place for socialising with friends in comfort or simply just for storing additional equipment. The side doors can be rolled back to improve air flow and visibility. Furthermore, they can be pinned open gullwing style with the support poles and guy ropes supplied, making a great place to for increased shade or to park your barrow, with the added undercover protection. The Tactical Solid Infill from your Epic bivvy or Tactical Mozzy front can be zipped straight into the front of the Epic Tactical extended wrap to add further protection and privacy. The Extended wrap also covers the top of the Epic bivvy, which greatly improves insulation, while helping to reduce the build-up of condensation.

- Tactical camo Lightweight, waterproof & breathable fabric
- Extends porch area at the front of the bivvy for additional storage/socialising
- Twin side doors increase air flow and reduces condensation

EPIC

Compact 6 Leg Sleep System
6 Leg Sleep System

Epic Sleep Systems

from £300.00 NEW

We have created two different variations of our Epic Sleep Systems to suit different styles of angling. Both sleep systems offer ultra-light weight, oval tubed, fold-flat frames with double fold space-saving hinges, and an incredible lumbar supported mattress, made with the best high-density foam. Whichever sleep system you choose, you will be paired up with our new five-season sleeping bags. These are securely attached by two full-length heavy-duty zippers. We have also strategically placed the start of the twin zipper connections at the head section of the bed. This allows you to utilise this as a secondary storage space for spare clothes or you can zip your pillow in position so it won't fall onto the floor. The 5 season sleeping bags are made using extremely durable, water-resistant fabric shell that have been constructed using generous layers of memory-treated, deep-filled hollow fibre, ensuring unrivalled levels of insulation. This also helps the sleep systems to retain their shape, while also increasing its heat retention efficiency. The smooth internal shell fabric is fitted exactly to the same profile as the bed, this helps by dramatically eliminating any friction or restrictions for those anglers who prefer to sleep clothed. At the head end, there is subtle micro fleece on the head and chin sections which offers further luxury and comfort all aiding for that perfect night's sleep. The sleeping bags are finished with heavy-duty crash zips, anti-jam beading as well as generously padded, oversized internal anti-draft baffles and zip-lock secures to prevent zippers opening unnecessarily. These systems have been specifically designed and created to offer you the highest levels of luxury and comfort, ensuring you will perform at your best while fishing.

- Light weight oval tube Aluminium frame
- Durable soft-touch peach skin outer shell fabric
- Memory Treated DFHF
- Five-season sleeping bag rating
- Micro fibre fleece on head and chin sections for extra comfort
- Friction free lining
- Oversized internal draft baffles
- HD crash zippers with Anti-jam beading
- Two zip locks
- Sleeping bags are fully removable for easy cleaning
- Dimensions 75 X 190cm
- Maximum load 140kg
- Seat height – 27 – 34cm
- Transport dimensions -75 x 95 x 30cm
- Weight – 11.70kg

EXTREMIS

Extremis Tactical EVA Luggage Range

Extremis by name Tactical by nature, when it comes to robust hard-wearing luggage then our range of Extremis Tactical luggage ticks all the boxes. This is our most durable luggage to date. The Extremis luggage range provides simple and efficient storage solutions to cover every situation. Based around the concept that everything has a place, and an organised angler becomes a much more efficient angler. Both the Carryall and Utility bag are constructed using an extremely robust EVA material. The benefits to EVA construction are that they are exceptionally hardwearing, extremely lightweight and can be easily cleaned after your session. There was never a more fitting name given to a range of luggage, that is built to withstand all those Extremis situations. The large central compartment of the Compact Carryall and Utility bag have been specifically designed to help prevent water ingress throughout the hardest of storms. The large central compartment is also totally modular with all the Extremis Tactical modular accessory bags within the range, giving you more efficient options on how you wish to organise and store all your fishing essentials.

Extremis Tactical EVA Compact Carryall

£50.00

The Extremis Tactical Compact carryall has been designed to help you organise your bank time much more efficiently. The large central compartment of the carryall is totally modular with the Extremis Tactical modular accessory bags, allowing you many options on how you would like to pack and prioritise all your essentials. There's a large zipped front pocket which makes a great place to store your medium sized tackle and rig boxes, as well as two zipped side pockets which makes an ideal place for all those items you may require easy access too. There is also an extra zipped pocket on the lid allowing for a generous storage for buzz bars and bite alarms. The carryall is fitted with removeable and a fully adjustable padded shoulder strap, twin carry handles and high quality oversized zippers throughout.

from £17.99

Lightweight but hard-wearing storage solution for your rods. The clever 'over-fit' design means the sleeve has no zips to get tangled with. The padded rod sock is connected to the reel cover with an elasticated system that neatly tensions and closes with a single movement. Each sleeve comes complete with a padded carry strap including oversized clips, meaning these can be used individually or clipped together in sets. Available in two sizes that will accommodate 9ft, 10ft, 12ft or 13ft two-piece rods.

H2501	TACTICAL 9/10FT ROD SLEEVE	£17.99
H2502	TACTICAL 12/13FT ROD SLEEVE	£19.99

Tactical HD Rod Sleeves

A protective neoprene case that allows you to leave your utility rods assembled with castable baiting and feature finding aids still attached.

.

H2658	NEOPRENE UTILITY CASE	£11.99

Wychwood

Solace

SAS

Solace SAS 3 Rod Presentation Set

£109.99

The Wychwood Solace SAS (silent alarm system) is our most feature packed, reliable bite alarm set, to date. The small and compact design has been achieved by completely removing the traditional front speaker from the alarm head leaving the job of audible indication to the speaker on the wireless Receiver. Not only does this improve battery life and consumption dramatically, but it also means the alarms are always muted when setting up. Available as a complete 3 rod presentation set, the digital rolling code system also allows for extra alarms to be purchased separately and programmed to an existing receiver.

- Bright, long life LEDs
- In-built Snag Ears
- Stealth Mode
- Optional colour coded locking collars
- Compact and ergonomically design
- 6 colour dial adjustable LEDs – Red, Green, Blue, Yellow, Purple & White
- Micro adjustable sensitivity
- Built in night light function, with long life low power diode
- Automatic LED matching function for Receiver
- Low battery warning
- Built in memory function on both the indicator heads and receiver – Ensures all settings are stored after switching off
- Push button On/Off switch
- Range 100-150m in clear areas
- Rolling code feature – Ensures no interference with other users
- Silent / Vibration function on receiver
- Stainless steel reinforced screw
- Receiver uses 1x 9V PP3 Battery (not supplied)
- Alarm uses 1x V23GA 12V Battery (not supplied)

X9350	SOLACE SAS 3 ROD PRESENTATION SET	£109.99
X9351	SOLACE SAS ALARM HEAD	£29.99
X9352	SOLACE SAS RECEIVER	£29.99

Key Features

AUTOMATIC LED COLOUR PAIRING

Special coding built into these alarms and receiver mean that when the LED colour is changed using the dial on the alarms, the receiver automatically pairs to the same colour.

6 COLOUR DIAL ADJUSTABLE LED

Change the colour of the LEDs on your alarms between Red, Blue, Green, Yellow, White and Purple using the left-hand dial on the alarm head.

6 COLOURED LOCKING COLLARS

Customise your alarms with the coloured locking collars supplied with each alarm.

IN-BUILT ADJUSTABLE SNAG EARS

Can be easily extended at two different height settings when required, then collapsed within the alarm casing when no longer needed. This minimises pack-down size and the chances of misplacing them.

NIGHT LIGHT FUNCTION

A Single Press the Power Button at night time for the LEDs to glow on a dimmer setting.

STEALTH-MODE

A handy little feature when trying to keep disturbance to a minimum. Simply long press the power button to switch the LEDs off on the alarm, without affecting any of the functions on the receiver.

3 Rod Presentation Set

Wychwood

Solace

Wychwood

EXTREMIS

Extremis Q/R Buzz Bars

from £12.99

Engineered to suit your style, the Extremis range has something to suit every situation. Offering a comprehensive range of both two and three rod, adjustable and fixed Buzz bars as well as a variety of adjustable bank sticks. Engineered from hard wearing, light weight robust 6061 grade Aluminium. Dressed in a sleek black anti-glare anodised finish. All of the Extremis range features CQT (captive quick turn) thumb screws, ensuring every adjustment is effortless and you will never be inconvenienced by a miss placed or lost thumb screw again. Furthermore, the entire range is fitted with fully interchangeable 13mm quick release collars and inserts. With a quick turn of a screw, you can quickly remove a bite alarm or but grip from your buzz bars on to a bank stick in seconds. All helping you to maximise your fishing time more efficiently. Our Adjustable buzz bars allow for precision fine tuning and adjustment at the highest level. So, whatever your preference is, rest assured you can adjust them to suit your style. The fixed buzz bars are perfect for both types of anglers who like their rods well-spaced out, or those who like to keep them snug. Offering the best in bankside stability, these buzz bars have no adjustment, which means there is nothing that can come loose or move, making them ideal for snag fishing when the pressure is on. The range offers variations in width to allow you to choose the buzz bar that best suits your fishing style or situation. They all feature quick release heads with captive thumb screws, allowing for effortless alignment, combined with time quick and easy set up and pack down times.

- Hard wearing high-grade 6061 aluminium
- Anti-glare black anodised finish
- Quick release alignment collars CQT (captive quick turn) thumb screws
- Adjustable 2 rod 15-25cm
- Adjustable 3 rod 28-40cm
- Fixed 2 rod options – 12, 15 or 18cm
- Fixed 3 rod options 20, 23 or 27cm
- Available in fixed or fully adjustable

Extremis Q/R Banksticks

from £9.99

Engineered to suit your style, the Extremis range has something to suit every situation. Offering a comprehensive range of both two and three rod, adjustable and fixed Buzz bars as well as a variety of adjustable bank sticks. Engineered from hard wearing, light weight robust 6061 grade Aluminium. Dressed in a sleek black anti-glare anodised finish. All of the Extremis range features CQT (captive quick turn) thumb screws, ensuring every adjustment is effortless and you will never be inconvenienced by a miss placed or lost thumb screw again. Furthermore, the entire range is fitted with fully interchangeable 13mm quick release collars and inserts. With a quick turn of a screw, you can quickly remove a bite alarm or but grip from your buzz bars on to a bank stick in seconds. All helping you to maximise your fishing time more efficiently. The Extremis range of adjustable bank sticks boast simplicity and efficiency. The one-piece outer construction makes for a much more durable ground point. This help prevent and eliminate any point loss as the points are integral to the outer construction and are not glued in place like others! There are three sizes options available within the range which all feature quick release alignment collars and our CQT (captive quick turn) thumb screws, ensuring every adjustment is effortless and you will never be inconvenienced by a miss placed or lost thumb screw again.

- Fully adjustable
- Hard wearing high-grade 6061 aluminium
- Anti-glare black anodised finish
- Quick release alignment collars CQT (captive quick turn) thumb screws

Distance Sticks

from £20.00 NEW

Precision made distance sticks crafted to the highest standard. Incorporating machined grooves to help prevent the line from slipping and tangling while wrapping. Classic bright white PTFE heads can be removed where you will discover the enclosed T-Bar, which will help you to drive the specially designed auger screw points into the hardest of terrains. Furthermore, the PTFE heads can then be removed from the T-bar allowing the isotopes to be securely fitted inside. Also included is a Hi-Viz measuring cord which is constructed using a highly reflective fibres, which dramatically help improves the illumination at night by reflecting light from your head torch. Along the Hi-Viz measuring cord there are also four sliding colour coded spot markers which can be adjusted and locked into position for when precision wrapping is needed. Supplied in our tough tactical camo pouch which incorporates individual stick and cord pockets, keeping everything neat and tidy when being transported

- Strong, robust and lightweight
- Line slip prevention grooves
- Integral T- Bar and auger point
- Bright white PTFE heads with isotope slots (Not supplied)

Carp Kettles

from £27.00 NEW

These stylish and practical carp kettles will help keeping you fuelled. Constructed using oversized and robust hard anodised aluminium, helping to retain heat for much longer than traditional kettles. It's also one of the most efficient and fast-boiling kettles around thanks to our innovative and fuel-efficient heat saver system. The non-stick, anti-reflective finish not only looks the part but also reduces the build-up of unwanted scale on the inside, making it really easy to clean. The stylish and practical para cord wrapped folding handle, forms a classy custom grip making handling the kettle safe and easy, it can also be folded down when not in use helping to save space when being transported. There are two sizes available, a compact 2 cup (0.9ltr) and the Session 4 cup (1.5ltr).

- Fuel efficient heat saver system
- 33% more efficient than traditional kettle
- Hard anodised aluminium
- Non-stick anti-reflective finish
- Laser-etched logo
- Wrapped Para cord foldable handle
- Mesh carry bag
- Available in two sizes options

X6060	CARP KETTLE COMPACT 2 CUP 0.8L	£27.00

MADISON

Signal Sunglasses 3 pack

£59.99 NEW

Signal embodies a timeless, classic design infused with modern optic technology. This model captures the spirit of exploration and adventure, offering unparalleled durability and comfort.

- Our 3 Lens Pack contains a dark lens for bright conditions, an amber lens for medium-light conditions and a clear lens for low-light conditions.
- Interchangeable Lenses - Polycarbonate lenses deliver supreme optical clarity and UV-A and UV-B protection. The lenses are impact and scratch-resistant, tested under the requirements of ISO 12312.
- Durable Frames - TR-90 plastics are lightweight, flexible and durable. TR-90 allows the frames to flex and return to their original shape without breaking or bending.
- Secure Fit - Our frames work seamlessly with your helmet, using non-slip rubber touch points for maximum comfort and security. The flexible nose-piece allows you to dial in the perfect fit, adjusting for extra venting.
- Hard Case - Madison eyewear comes with a hard case for safe transportation and storage.
- Soft Pouch - We have included a soft pouch for lens cleaning and protection on the move.
- Prescription Lenses - An optional RX insert is available for prescription lenses.
- Limited Lifetime Guarantee - At Madison, we pride ourselves on offering an excellent product with aftercare to match. That's why this product is covered by our Limited Lifetime Guarantee.

Target Sunglasses 3 Pack

£59.99 NEW

With a high base curve and casual looks, the Target offers style with technical performance. One of our more lifestyle options you still get great protection from debris plus the casual look all in one neat package.

- Polycarbonate Lenses: Optics from Madison meets the highest standard for eyewear; ISO 12312. The interchangeable polycarbonate lenses are both impact and scratch-resistant. The lenses offer both supreme optical clarity and UV-A and UV-B protection
- Polarised Lens: Featuring polarised lenses that are designed to reduce glare and improve visual clarity off surfaces like water, snow, or roads. Benefits include enhanced contrast, more vibrant colour, and reduce eye strain, especially in outdoor activities like fishing and cycling
- Oleophobic Lens Coating: Designed to repel water, this advanced coating prevents rain droplets from obstructing your vision, ensuring clear sight even in wet conditions. Additionally, the oil-resistant finish minimises fingerprints helping to keep your lenses clean
- Multi-Purpose: Both versatile and stylish, Signal sunglasses are universally stylish whenever you choose to wear them
- TR-90 Frames: TR-90 plastics are lightweight, flexible and durable. TR-90 plastic memory allows them to flex and return to their original shape without breaking or bending
- Secure Fit: Our frames feature non-slip rubber pads for maximum comfort and security
- 3 Lens pack: Contains a Cat. 3 tinted lens for bright conditions, a Cat. 3 bronze mirror lens for medium-light conditions and a Cat. 1 yellow lens for low-light conditions
- Storage: All our sunglasses come with a zip-up hard case to keep them safe when not on your face and to store spare lenses and the soft cleaning cloth
- Size Spec: Lens Width: 63mm, Lens Height: 41mm, Frame Width: 140mm, Bridge Height: 10mm, Arm Length: 122mm
- Limited Lifetime Warranty: At Madison, we pride ourselves on offering an excellent product with aftercare to match. That's why this product is covered by our Limited Lifetime Warranty
